THE TEACHINGS OF IMRE VALLYON  
VOLUME ONE

# The Magical Mind

Imre Vallyon

*The Magical Mind* reveals how we can use the science of magical thinking to transform our consciousness and therefore our lives. Combining ancient truths and contemporary psychological insights from both Eastern and Western traditions, the author provides knowledge and practical meditations so we can integrate our personal, ego-centred daily lives with the transpersonal, mystical life of the Soul. Then we become the beautiful person we really are. Because of its wisdom, clarity, photographs, short chapters and variety of meditations (including daily affirmations), this book is excellent for very busy people new to the spiritual path. Like the climber who stands a distance from a mountain to get a clear view, Imre Vallyon looks into the human psyche with an uncanny perspective.

*The Way of the Spiritual Warrior* starts with self-knowledge, learning to harmonize your personality, bringing the several parts of you together so that your body, emotions and thoughts are coordinated and function as a unit. Here you practise physical techniques, emotional control techniques and mind control techniques so that you are integrated in yourself and in your environment.

The next stage of the Spiritual Warrior Path is Self-knowledge, also called the stage of withdrawal. Here you use meditation and other spiritual techniques to withdraw your awareness slowly inside you, deeper and deeper, until you make a connection with yourself as a Living Soul and recognize that you are an immortal spiritual being—omniscient, omnipotent and omnipresent.

Once your personality is integrated with you as a Living Soul, that is, you are a personal self able to think, feel and act in the world but at the same time are totally aware of yourself as an eternal, transcendental being, then the third stage begins. This stage is called Union with God or Union with the Divine Principle within you and within the Cosmos. This happens when you have united the Soul with the personality and you are functioning as an integrated, holistic unit and then you move further inward to reach the Transcendental Divinity within you.

*The Journey Within* is a print compilation from the popular *Spiritual Path Series* of ebooks by Imre Vallyon. It offers the spiritual seeker an accessible yet comprehensive introduction to the Universal Spiritual Teaching, stressing the need for right understanding while walking the Spiritual Path in today's world.

Imre Vallyon discusses with clarity the big topics that are commonly encountered by the spiritual aspirant: the inner nature of our being and the cosmos; the importance of reconnecting with our higher nature through meditation; what happens after death; how to work with the law of Karma; the importance of developing love and wisdom in our lives; and why not all spiritual paths have the same end result.

Living a more spiritual life is a challenge in a world so focused on material things, but this book offers a system of guidance and right knowledge from the perception of Higher Consciousness so that the reader may be inspired and prepared for the Inner Journey.

In *The New Heaven and the New Earth*, the completion of his trilogy with *Planetary Transformation* and *The New Planetary Reality*, Imre Vallyon explains the inner causes of the coming planetary changes (the New Heaven) and how the changes will play out in real-world events (the New Earth), depending on whether humanity responds to them correctly or not. To help humanity respond correctly, the author provides not only esoteric knowledge and understanding from his direct perception of Higher Reality, but also practical meditation techniques aimed at raising Consciousness.

The author provides fresh insight into a wide range of topics, including: spiritual warfare, which is not about crusades or jihads but about the conflict between the personality and the Soul; the nature of Enlightenment, which, like the Mind of God, is not a fixed state of being; and on a more practical level, the reason people get stuck, the spiritual root of which is “the conflict between Matter, which always holds on to the past, and Spirit, which is always in the future.”

In addition to practical meditational invocations and mantras, *The New Heaven and the New Earth* also contains a 30-page glossary of spiritual terminology and a pronunciation guide for the Sanskrit terms used in the book.

*The New Planetary Reality* starts where the author's previous book, *Planetary Transformation*, left off. It explains the mystery of the Coming Avatar, which, unlike past Avatars like Jesus, Buddha, Lao Tzu and many others, is not a single person sent to a particular place, religion or culture but a global phenomenon—a Planetary Avatar, a Cosmic Energy coming from the inner dimensions that has already started to permeate planet Earth.

In *The New Planetary Reality*, Imre Vallyon notifies the world of a new reality that is possible for Humanity and planet Earth. He also lays out the Nine Paths to Enlightenment, timeless methods we can use to raise our consciousness so that we can respond positively to the new energies of change coming from the spiritual dimensions.

## The Sedona Talks

This book is a series of talks from a 1996 meditation retreat held in Sedona, Arizona, an area well known as an energy vortex. The talks explain the great Divine Plan and how each of us has to wake up in this chaotic World to become a Light Bearer, a Soul on Fire, who will change the conditions on Earth. Vallyon describes the vast cosmic picture and the corresponding nature of human beings who are destined to become Creator Gods. We can choose to fulfill this destiny intelligently with the right spiritual wisdom and practices. Topics include Atlantis America, the after-death conditions, spiritual teachers and spiritual schools, personal and planetary evolution.

## Les Conférences de Sedona

"L'Âme est une immense Intelligence en vous! Votre Plan est simplement d'aligner parfaitement l'Âme Vivante qui est en vous et votre personnalité."

"Dès que vous vous reliez à votre Âme, vous devenez Responsables du Monde. Alors, la planète est revitalisée et régénérée par votre présence."

"Notre Œuvre est d'amener les gens à la Conscience Cosmique, de donner un enseignement et des pratiques par lesquels les gens peuvent connaître leur propre Divinité. C'est notre plan et notre but."

# Heart to Heart Talks

IMRE VALLYON

## Heart to Heart Talks

The Feminine Principle is a glorious Sun of infinite, unimaginable beauty. But how are you going to approach Her? Obviously, not through the mind. But something in the Heart can do it; through Devotion you can do it. When you set a devotional vibration in your Heart, you can transcend and attain a different state of consciousness.

## Enseignements De Cœur À Cœur

Le cœur physique est au centre de notre corps, le Coeur spirituel au centre de notre Âme. Par le Cœur nous communiquons d'une façon directe et harmonieuse avec nos semblables et avec le Divin. Le pouvoir d'Amour dans le Cœur vient de la Mère Cosmique, Dieu au féminin sous sa forme immanente. Imre nous présente ici un enseignement tantrique réservé aux initiés sous la forme de dévotion à Shodashi. Cette pratique amène la Déesse à se manifester en nous et autour de nous en tant que Beauté sublime, Amour absolu, pour une transformation profonde et durable. Notre Chemin Spirituel devient alors un chemin de Joie infinie.

## De Kunst van Meditatie

We leven in een wonderbaarlijk tijdsgewricht. Noot eerder in de geschiedenis was er zoveel (goede) kennis over spiritualiteit en meditatie voor zoveel mensen beschikbaar en toegankelijk. Meditatie is een zoeken naar het werkelijke, het onvergankelijke en het eeuwige in jezelf en in de kosmos. Dit bijzondere esoterische boek(je) beschrijft in een notendop het al even wonderlijke hoe en waarom van meditatie, het toepassen van meditatietechnieken, de bijzondere kracht en wetenschap van Mantra, de talloze mystieke ervaringen, het spirituele pad en de stadia van meditatie, het belang van deskundig spiritueel onderricht en de diepere lagen en oorzaken van het leven.

## The Warrior Code

The Spiritual Warrior surrenders the ego to the Heart and works from the impulse that comes from the Heart. This means the whole life of the Spiritual Warrior is Heart-focused. And because the Heart connects to all things, the Spiritual Warrior can sense all things and know whether a situation is right or wrong, whether a person is right or wrong, whether an enemy is a real enemy or a friend is a real friend. Those who live by the Warrior Code cannot be deceived because the Heart cannot be deceived.

## De Code van de Krijger

De weg van de spirituele krijger is een bijzondere vorm van spirituele ontwikkeling, die de auteur opnieuw toegankelijk heeft gemaakt voor beoefening in de moderne samenleving. Hoewel het beoefenen van de edele vechtkunst en zwaardwerk een belangrijk onderdeel van dit Pad vormen, gaat het in eerste instantie om meditatie en het ontwikkelen van diepere levenswaarden als vrede, inzicht, begripsvermogen, liefde en kosmisch bewustzijn. De 365 aforismen in dit mooie en compact vormgegeven boekwerk vormen met elkaar een praktische gids voor het dagelijks leven, maar kunnen ook worden gebruikt in tijden van geestelijke nood en onbalans. De lezer kan elke dag op een ander aforisme mediteren of een tijdlang op dezelfde.

## Le Chemin du Guerrier Spirituel

Le guerrier spirituel doit se mettre sur le chemin de la Sagesse et de l'Amour. Ceci est un chemin de transformation personnelle qui amène à cette gloire intérieure d'où le guerrier spirituel va pouvoir agir dans le monde et y apporter la Lumière, et ainsi aider à libérer l'humanité du joug du matérialisme et de l'ignorance spirituelle. Les aphorismes du guerrier spirituel sont comme autant de perles de sagesse qui nous permettent de rester sur ce chemin et d'y progresser. Ces petites phrases délient notre mental et élargissent notre conscience, elles ouvrent notre cœur. Les instructions de méditation nous donnent les armes nécessaires pour gagner le conflit entre notre mental, nos émotions et notre soi supérieur; elles nous aident à devenir un, à trouver la paix et l'équilibre intérieur nécessaires pour devenir un guerrier de Lumière.

### WHAT DO YOU SEEK OUT OF YOUR LIFE?

Most of us identify with a minute reality we call the personality: our physical body, mind and emotions. And we seek its worldly needs: wealth, happiness, a partner, children. Before we can intelligently seek the true meaning of life, we have to understand who we really are, and that is far beyond the personality. Body-mind-emotions is an extremely limited, and temporary, reality when compared to the grandeur of what the human being really is. [2814]

### THE SCIENCE OF SPIRITUAL LIFE

In the Aquarian Age, mentally oriented people do not want theories, philosophy or metaphysics but a means whereby they can prove things: techniques and meditations through which they can attain Self-Realization or Union with God. And they do not want to read about it in books but actually learn how to attain it. You can be a proper spiritual scientist, able to build upon your Spiritual Science and attain Enlightenment in this lifetime. Then you're no longer a pupil of Spiritual Science. You are a Master of Spiritual Science. [2980]

### THE TRUE MEANING OF COMPETITION - HARMONY OUT OF CONFLICT

Have you ever wondered why human beings fight each other all the time, and have done so since time immemorial? A big part of the problem is competition in schools, business and politics, and in human relationships. There is actually nothing wrong with competitiveness but where we are off-key is that human struggle is meant to be for the positive outcome of all. The energy of competitiveness should be used for our enhancement and growth. [3085]

### WHERE WILL YOU GO WHEN YOU DIE?

In this excerpt, Imre gives us a potent but beautiful challenge: we're all going to die, maybe tomorrow or next year - it's inescapable. What then? The challenge is that we take the time to think about what will happen when our physical body dies. Our predominating energy patterns during life determine where we go after death - hell, purgatory, the limbo states, or the refined and glorious Realms of Divine Light, called the Kingdom of God in the West, Nirvana in the East. "What then?" is the most important question of your life. At least think about it. [3541]

### IN SEARCH OF YOUR-SELF; WHO AM I?

Imre gives instructions on an ancient and simple but profound meditation. You sit quietly, focus in the Heart Chakra, and ask yourself, "Who am I?" It's a question addressed to that little Divine Spark within your Heart and it will help you re-discover who you really are. After a while, you begin to sense that the Divine Being is pulling you deeper and deeper within until you the questioner and You the Divine Being are One. The answer is there in that Oneness. Then there are no more questions. [3470]

### THE 21st CENTURY AND THE DESTINY OF MANKIND

Ten great influences, both seen and unseen and vast in implication, are impacting on planet Earth and humanity, spanning the vast vista of time since the dawn of Creation to the present. The influences, including the 'War in Heaven', natural disasters and the possibility of Divine Intervention, will work either for or against the evolution of human consciousness. The battle will be resolved in this 21st century in a future that is either wholly wondrous or another Dark Age. [3989]

## ABOUT US

Our mission is to publish written and recorded works in the Body, Mind and Spirit market for those who feel an affinity with universal wisdom and knowledge that spans many disciplines.

Production is undertaken by a small team of people in Australasia, Europe and North America. Much of this work is undertaken voluntarily. We also maintain an archive of written manuscripts and recordings which serves as a valuable resource for future projects.

Sounding-Light Publishing products can be purchased from good bookstores, online stores and [www.soundinglight.com](http://www.soundinglight.com).
